

Smooth glass look

Electric Table Stand with universal TV mount. The electric motor can swivel the screen +/- 45 degrees. A patented safety clutch system will prevent damage of any obstacles as well as the electric motor. IR Multicode control - you can use any TV remote - through the simple process of learning the stand, it will acknowledge the buttons of your remote as commands for rotating left / right or to the center position. Universal TV mount covers VESA standards from 100x100 to 600x700 and everything in between. Grommet in the back allows easy cable management. 5 Year warranty - at least 80 thousand cycles for screens up to 55 kg. Painted in exclusive black powder paint Covers TVs from 35 to 75". The exclusive look of the tempered glass and smooth black powder paint.
